EXPERIENCE

SkillCraft Technology

Mumbai, India

Junior Web Developer Intern

March 2025 – April 2025

Developed Smart Techno Hub, an interactive e-commerce website for mobile phones with a focus on usability, automation, and real-time communication.

- Developed a responsive e-commerce website for mobile phone sales, repairs and accessories following MVC architecture.
- Designed user-friendly front-end using HTML5, CSS3 and JavaScript.
- Built secure backend using Laravel and MySQL for data management
- Implemented product listing, shopping cart, order management system and search and filter functionality for better UI experience.
- Added Admin dashboard for managing users, services, products, categories, messages and inventory.

Ambassador Academy

Jorpati, Nepal

Web Developer (Freelancing)

August 2025 – October 2025

Developed the Ambassador Academy school website using the Laravel framework, featuring a secure and scalable structure for managing school operations.

- Implemented middleware and authentication for role-based access control.
- Created an admin dashboard to manage students' application form, events, and announcements efficiently.
- Designed and connected models, controllers, and database migrations for structured data handling.
- Integrated Blade templates for responsive UI and seamless user experience.
- Focused on security, scalability, and clean architecture for long-term maintainability.
